Skill B.Com

“Learning is experience. everything else is just information.”

-Albert Einstein (1879 AD)

## Who We Are?

**Skill College** is a platform developed by Drona Education Limited, A Public Limited Company leading in SkillTech sector. It was formerly known as Drona Education Foundation and was established back in the year 2015. In Skill Based Higher Education space our main focus so far has been on promoting **B. Voc & Other Skill Degree Programs** among the youth.

Across India, we have established **12+ Skill Hubs** at leading Universities & Institutions, connected with **2000+ Industry Partners**, **8+ Specializations**, **225+ Team Member**, **3000+ Existing Students & 1800+ Alumni**.

Based on **Germany's Dual VET** education system and guided by India's **National Education Policy (NEP) 2020**. We have created a robust model to make employable youth from our higher education system.

We are trying to fill the gap between industry academia by combining theoretical knowledge with tools such as **Internships & On The Job Training (OJT)** at industry to provide skill based vocational education in real sense.

### Our Mission

Our mission is to promote and strengthen the B.Voc & other Skill Degree Programs in every nook & corner of the country by helping all universities and **Higher Educational Institutions (HEIs)** to start and run these programs effectively.

### Our Vision

Our vision is to create a **Skill Based Vocational Higher Education Eco-System** which combines theoretical education with experiential learning in the form of internship, apprenticeships or On The Job Training (OJT) to produce employable and entrepreneurial youth with high earning potential and high ethical standards.

# FROM MANAGING DIRECTOR'S DESK

## PROF. PRATIK JOSHI

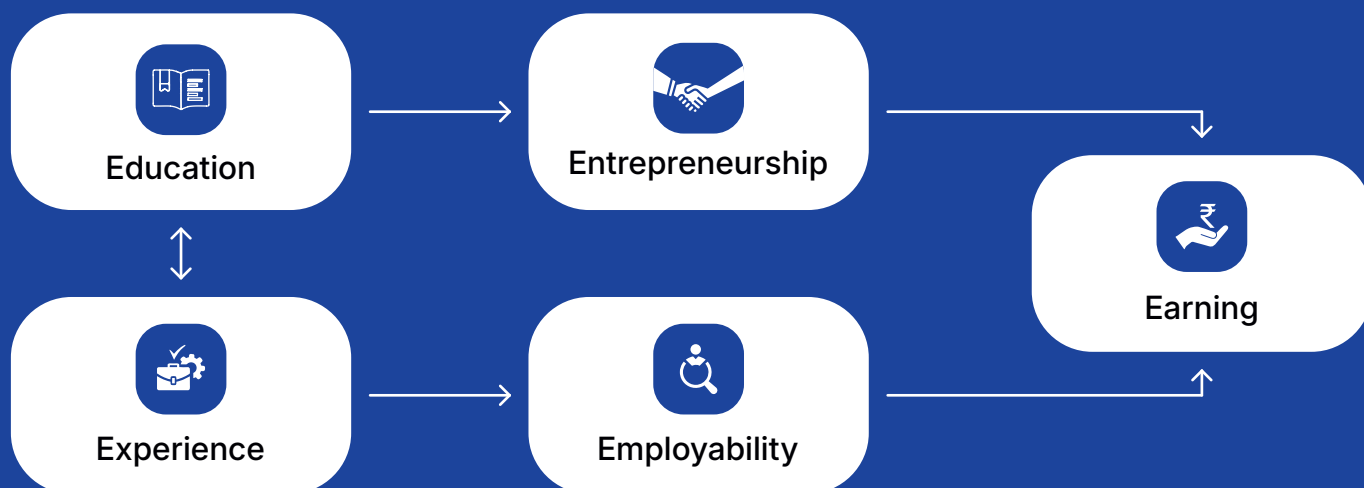

MD & CEO,  
Skill College

Today from one end we see youth complaining about No Jobs or Jobs with lower salaries and packages and exploitation by industry and on the other end we listen to a lot of complaints from industry that they don't get smart, skilled, honest and hardworking employees to whom they are ready to pay anything they ask.

Whose job is it to bridge this gap? What's going wrong? As an educationalist, I believe it is our duty. Somewhere we, tier 2 or tier 3 institutes have become money earning factories of education who only focuses on number of admissions rather than number of placements or as tier 1 branded institutions we only take brightest of the bright students and certify or brand their degrees with logos of IIMs and IITs and take all the credits for their employability.

We as Skill College embarked on a journey to bridge this gap by skilling up youth at undergraduate level with degrees like B.Voc, Skill BBA, Skill BCA, Skill B.Com which gives them theoretical as well as practical learning experience to up-skill them in real sense and make them employable and enterprising. We focus on commercializing skills and un-commercializing education.

### 5E Model of Skill Degrees

## What is Skill Degree?

### Based on NEP 2020 & German Dual VET System

- Skill Degrees - In Align with CBCS / UGC / NEP 2020.
- This system is based on Dual VET system applied by German & Austria.
- They were able to remove unemployability from the country almost completely.
- US, UK, Germany & other developed countries having highest percentage of students enrolling to skill based or vocational courses.

**B.Voc**

**Skill BBA**

**Skill BCA**

**Skill B.Com**

### Why Skill Degree?

**40**  
%

#### Theoretical Knowledge

**7:30 AM - 9:30 AM**

**Theory Sessions  
In Classroom**

**Gets Education  
From Class**

**College Student  
At Campus**

**Pays the Fees**

**60**  
%

#### Hands-on Practice

**10:00 AM Onwards**

**On The Job Training  
At Industry**

**Gets Training &  
Gains Experience**

**Company Executive  
At Industry**

**Gets the Stipend**

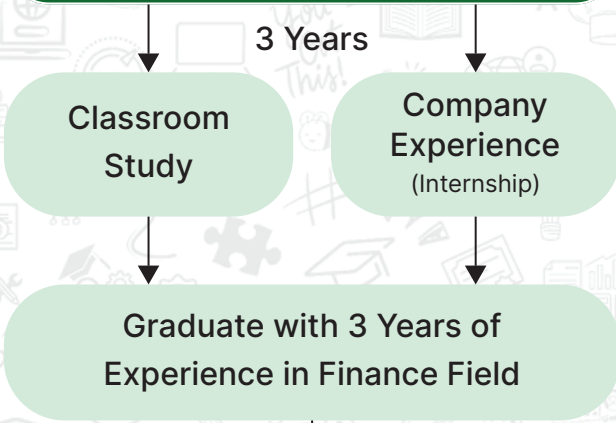

"Skill Word is being used to differentiate this program from traditional pedagogy. However the nomenclature of the degrees will be strictly as per UGC guidelines. Skill College do not provide any degrees, all degrees are awarded by respective universities."
